The American Academy of Pediatrics and the course faculty welcome you to **PREP® The Course**. We appreciate your participation in this course and trust that it will meet your educational expectations.

**DESCRIPTION**

**PREP® The Course** is an intensive review and update of pediatrics and a unique component of the American Academy of Pediatrics overall educational program. While the course content is based on the content specifications issued by the American Board of Pediatrics (ABP) for Maintenance of Certification™ (MOC), the course also features case-based sessions, hot topics, and visual diagnosis components related to the latest information on clinical practice.

**OBJECTIVES**

**PREP® The Course** will provide:

- An intensive review of general pediatrics based on the content specifications issued by the ABP
- Current information on diagnosis and management of pediatric problems encountered in daily practice
- An educational experience specifically designed to assist you in your preparation for the American Board of Pediatrics (ABP) Maintenance of Certification™ (MOC) examination
